

ram 30

PRODUCT DESCRIPTION

ram 30 is a high performance base sheet applicable for use in many **ram-Tough** systems and also for use as a very tough, low-perm vapor retarder. **ram 30** is manufactured by coating a high density, non-woven polyester reinforcing mat with a special grade bitumen. **ram 30** exhibits very high elongation and puncture resistance. It is also suitable for cold process BUR applications. Production is carefully controlled to assure uniform distribution of the waterproofing bitumen.

Physical Properties

<u>Property</u>	<u>Method</u>	<u>Typical Results</u>
Roll Size	ASTM D-5147	3 square
Thickness	ASTM D-751	1.7 mm
Roll Weight	ASTM D-5147	84 lbs/roll
Elongation	ASTM D-146	40% MD
Tensile Strength	ASTM D-146	60 lbs/in MD & XD
Flex Fatigue (reinforcement)	ASTM D-2262	10,000 cycles

Barrett hopes the information given here will be helpful. It is based on our best knowledge and is believed to be true and accurate.
