

# ram Ultra-White Primer

## PRODUCT DESCRIPTION

**ram** Ultra-White Primer is a clear, fast drying, solvent based, acrylic primer that provides excellent adhesive properties to most clean surfaces. It is recommended as a primer for **ram** Ultra-White coating when used over clean and smooth metal surfaces and over modified bituminous membranes. **ram** Ultra-White Primer comes in 5 gallon pails.

## ADVANTAGES

- Easy to apply
- Quick to dry
- Provides a tough, adhesive, durable, chemical resistant film
- It provides excellent adhesion to problem surfaces
- Clear color

## SURFACE PREPARATION

For metal surfaces, it is recommended that any gaps, joints, boltholes., etc., be sealed with Barrett **ram** Mastic and polyester reinforcement fabric before the surface is primed or coated.

All surfaces must be clean, dry and free from moisture, dust, dirt, rust, grease, oil and any other contaminants.

## APPLICATION

ram Ultra-White Primer may be applied by brush, roller, squeegee or spray. Coverage should be a uniform film at the rate of \_ gallon per 100 square feet.

## CAUTION

Do not smoke or use near open flame, fire or electrical sparks. Avoid breathing solvent fumes and prolonged contact with skin. Do not take internally. If swallowed, do not induce vomiting. Call a physician immediately. Keep out of the reach of children. Keep container covered when not in use. Dispose of in an environmentally safe manner. Consult Material Safety Data Sheet (MSDS).
