Roofscape® Seed Mixes

DESCRIPTION

Our Roofscape® Seed Mixes provide a diverse & adaptive means for roof greening. We recommend a two-year maintenance plan by a contractor with an intermediate skill level to ensure success.

Roofscape® Seed Mixes offer many advantages:

- a good choice for **overall green roof planting**, filling in sparse areas of plug or cuttings installations, as well as **provide planting diversity**
- an economical method of planting that is inexpensive, easy to convey onto the roof, and can be installed quickly
- **multi-stage establishment**, providing full vegetation within two years
- can be ordered by the ounce and blended on-site for standard application or pre-mixed in Super Sacks for projects that require quick installation

Roofscape® Seed Mixes are available in a variety of options, including:

- **Basic Sedum Mix**
- **Extensive Perennial Mix**
- **Premium Sedum Mix**
- **Ornamental Grass & Perennial Mix**

See reverse side for complete list of planting cultivars within each Variety Option.
