

GREEN ROOF ROOFSCAPES®

Waterproofing Systems

from The Barrett Company, LLC

WHY CHOOSE US

For over 10 decades, the Barrett Company has provided hands-on experience, professionally engineered products, & systems in the high-performance roofing & waterproofing applications.

Satisfaction

Loyal & service-oriented

Team support

Labor & material warranties available

The Barrett Company's **Green Roof Roofscapes®** turns unused roof space into park-like garden settings allowing for significant environmental contributions and aesthetically pleasing usable outdoor spaces.

By combining waterproofing with retained horticultural technology, the Barrett Company offers building owners the **Green Roof Roofscapes**. These inter-dependent components function as a natural planting habitat, creating new types of public and private open spaces.

Benefits of Green Roofs

- Create aesthetic appeal of the roof space
- Increase property values
- Increase usable space
- Improve energy efficiency
- Reduce noise pollution
- Prolong roof life

**BETWEEN THE WORLD
AND THE WEATHER SINCE 1928**
