

# ROOFSCAPES® Sedum Mix Blanket

## Pre-Grown Sedum Vegetation Blanket

### Description

Roofscapes® Sedum Mix Blanket is a 100% biodegradable pre-grown sedum vegetation blanket produced on a coir mat designed as a ready-to-lay ground cover for roundabouts, central reservations, and roof terraces. These blankets provide easy installation, low maintenance, and always boast at least 85% coverage on delivery.

Each blanket contains roughly 12 to 16 different types of succulent varieties grown in a mineral-based substrate layer on a biodegradable coconut fibre carrier. Sedum is a succulent plant that is well able to store water in its leaves and therefore grows perfectly under diverse weather conditions.

Roofscapes® Sedum Mix Blankets are produced in accordance with FLL guidelines and ANSI-SPRI compliant.

### Benefits

- Easy installation, low-maintenance
- Can be built up in several ways depending on the slope and load capacity
- Natural cooling, air purifying, and water buffering effect
- Available in different colour assortments including Standard, Maroon (red), and Sunray (yellow/blue)

### Coverage

85% - 95%

### Uses

- Green roof assemblies on 0-20° roof slopes

### Assortments

- Standard (Standard Blend)
- Maroon (Red Blend)
- Sunray (Yellow/Blue Blend)

### LEED Credits available for:

- Materials & Resources (MR)

### Properties

Description	Measurement	Test Method
Coverage	85% - 95%	-
Weight - Dry*	3.5 - 4 lbs/ft <sup>2</sup> (17 - 19.5 kg/m <sup>2</sup> )	ASTM E-2399
Weight - Saturated*	4.5 - 5 lbs/ft <sup>2</sup> (22 - 24.5 kg/m <sup>2</sup> )	ASTM E-2399
Tensile Strength	N/A	ASTM D-5034
Thickness	0.50 - 0.75 in (1.3 - 1.9 cm)	-
Roll Width*	47" (119.38 cm)	-
Roll Length*	77" (195.58 cm)	-
Sq/Ft per Roll*	25 sq/ft (2.32 m <sup>2</sup> )	-

\* = Approximate

### Packaging

47" x 77"  
90 lbs per roll  
15-16 rolls per pallet

**NOTE:** Actual square feet per truck depends on the moisture content (=weight) at time of harvesting. Max square footage per truck: Approx. 9000 sq/ft. Square footage per pallet: 15-16 rolls per pallet space is 375-400 sq/ft per pallet space.
